👤 PROFILE

Experienced and dedicated Developer with several years of experience identifying efficiencies and problem areas within data streams, while communicating needs for projects. Adept at receiving and monitoring data from multiple data streams, including **Alteryx, Power BI, Microsoft Suite, SQL, Azure Devops**. Bringing forth the ability to synthesize quantitative information and interact effectively with colleagues and clients.

📁 EMPLOYMENT HISTORY

Senior Consultant at KPMG, Gurugram

Nov 2022 — Present

Role and Responsibilities

- I worked in audit with multiple clients for creating specific routines/application related to Inventory, Revenue and Payroll for their audit purpose using **Alteryx**. He had also used his Data integration knowledge, as they received files in different formats and need to use all of them to derive the outcome. Along with that, also done automation which reduced the effort from 2-3 days to 1 hour and so.
- I was involved in debugging existing **Alteryx** workflows and optimizing processes. He also collaborated with the team, project managers and business analysts in conceptualizing and developing new **Alteryx application**.
- I was responsible for automating workflow for heavy industry client using **Alteryx** for ETL and Power BI & **Alteryx** for Visualization purpose. The work involved pulling the data out of Multiple databases like **Postgres, Oracle** and perform analysis, ETL and preparing dashboard on alteryx using reporting tools. He has also Design and develop ETL Workflows and dataset in **Alteryx** that to be used by the BI reporting tool specific for **Power BI**.
- I was responsible for advising front-line people on usage of the data capabilities and managing information and feedback collection from stakeholders and responsible to create Power Point presentations of release notes.

Senior Associate at PWC, Bengaluru

July 2022 — Nov 2022

Assurance internal Project

- Create workflows to analyze the sources data from separate sources i.e Excel's, Pdf's, Database etc. and bring into project database using **Alteryx**.
- Developed Customized workflows using **Alteryx** to support the automated process improvement programmers in the team.

- Design and develop **ETL Workflows** and dataset in **Alteryx** that to be used by the BI reporting tool specific for Power BI and Tableau.
- Collaborated with the team, project managers and business analysts in conceptualizing and developing new **Alteryx** application.
- Worked to support the senior creative staff with day-to-day tasks.
- Developed and presented findings and solutions to audiences including senior executives and stakeholders.

Senior Data Engineer at MapmyIndia, New Delhi

July 2018 — July 2022

- Worked as Delivery Engineer for some ongoing projects i.e Hyundai, Toyota, Pioneer, BMW, **Maruti**, Sygic, NRSC (National Remote Sensing Centre).
- Orchestrate multiple **Alteryx** workflow to meet the requirement of clients and to process the map data accordingly.
- Debugging existing **Alteryx** workflows and optimize processes.
- Reached 100% increased time to create and complete ETL specs using **Alteryx**.
- Managed delivery of \$15 Million work annually.
- Automated ETL (**Alteryx**) Process, making it easier to wrangle data and reducing time by as much as 40%.
- Tested **Alteryx** workflows and databases to identify issues and make necessary modification.
- Wrote and maintained technical and functional specification to document database intentions and Requirements
