- Compatible with **Alteryx Designer version 21.2 and 21.3 only**
- NOT compatible with Alteryx Server or Data Connection Manager

This tool uses a .yxi file format. A .yxi file is a package that includes an Alteryx Tool and all of its dependencies zipped into a single file. When this file is imported into Alteryx, it will be installed into the IN/OUT category.

When sharing a workflow that uses a .yxi tool, the tool is not included and must be installed by the recipient.
