

Australian User Group Meeting

alteryx

COMMUNITY

Another [virtual Australian User Group meet-up](#) is upon us (currently being organised for the end of September) & we're looking for your *"What!?! Alteryx could do this!!!"* moment.

Whether you're keen to hear other's *"eureka!"* moments or want to be **featured yourself** by sharing your own **Alteryx tips and tricks** — all are welcome to tune-in.

To partake, simply email your best Alteryx tip/trick to neelamana.ramesh@gmail.com OR [PM Ram](#) with the subject line "My Alteryx Moment" and a brief summary, plus:

- Your full name & Alteryx community username
- Something to showcase – a screenshot, word doc, brief slide deck, or even the workflow itself.

AU User Group leads will then select the best to be featured during our next meet, letting the audience vote on an **ultimate winner to walk away with some Alteryx goodies.**

Good luck and start sharing your Alteryx moments with us!

Feel free to reach out if you have any questions.
